FOR IMMEDIATE RELEASE

INTERSTATE 15 INTERCHANGE PROJECT CONTINUES IN VICTORVILLE

SAN BERNARDINO – The California Department of Transportation (Caltrans) continues work to reconstruct the interchanges at Stoddard Wells, D Street, and E Street and widen the Mojave River Bridge on Interstate 15 (I-15) in Victorville. The \$71 million project was awarded to Ames Construction.

Caltrans and Ames Construction will perform grading work on D Street, in the City of Victorville, next week. The nature of the effort is such that crews need prolonged lane closures to separate live traffic from the construction area in order to maximize progress.

One of two lanes will be closed in each direction on both **eastbound and westbound D Street from Monday morning through Friday morning**, beginning at **midnight on Monday, June 6th** and concluding on **Friday morning June 10th**. These are continuous closures from the morning of June 6th to the morning of June 10th.

Please be aware of the work and [SLOW FOR THE CONE ZONE](#).

Motorists are advised to use alternate routes. Advanced warning signs will be placed to indicate closures. DELAYS ARE EXPECTED so plan ahead and rideshare if possible.

Know before you go! Visit <http://www.dot.ca.gov/dist8/Project-I-15-Victorville-Interchange.html> for more information on the project description and scope of work. To stay on top of roadwork in the Inland Empire go to www.caltrans8.info and sign up for commuter alerts. View traffic conditions at <http://quickmap.dot.ca.gov>.
